Appointments Heat Up Sales for HVAC Contractor

GET ON THEIR CALENDARS

MSS offers a full range of construction, energy, controls, and process services, and companies depend on them from the idea stage of a project to lifecycle maintenance of existing buildings. **But creating sales opportunities requires a different blueprint**, so MSS allied with Abstrakt's Outbound SDR appointment setting process.

MAKE THE RIGHT CONNECTIONS

Developing business relationships over two years led to great success in 2022. Through strategic list building, ongoing phone and email outreach, and an extensive nurture program, Abstrakt's Sales Development Team **connected MSS with key decision makers in their target market**. Being in the right place at the right time led to more face-to-face sales meetings and new business.

CLOSE MORE LUCRATIVE DEALS

Just before Christmas, MSS informed Abstrakt they'd **scored a signed agreement for over \$570,000 from a fall appointment set by an Outbound sales development representative** who discovered a cooling tower project that seemed like a great fit for our client. This deal proves lead generation is vital for finding new opportunities and that Abstrakt's Outbound SDR process is the best way to close new business consistently.
